

Family Care Ministries

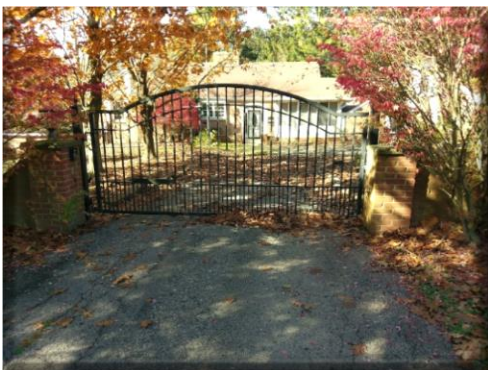

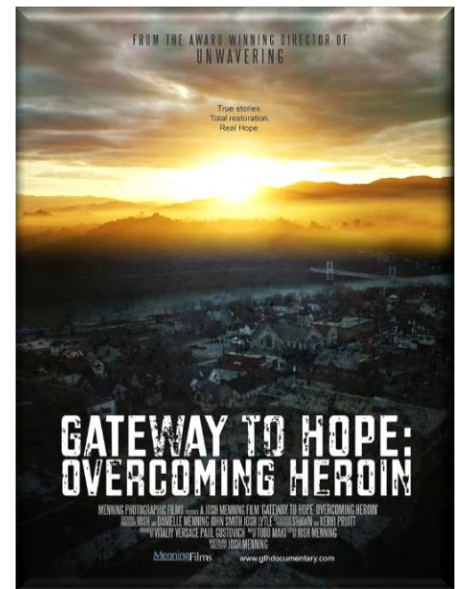

Seeing Lives Transformed

2018 has been a tremendous year and it is just getting started! New classes in the community are being offered, classes in the jail are continuing, people getting placed into long term Teen Challenge facilities every month! Churches are growing with former addicts and communities are finding hope!

Here is a short testimony from a young lady we have been working with.

Aubrey – “When I came to Family Care two months ago I was broken! Since then I totally surrendered my life to Jesus and He’s so amazing that He set me free from an 11-year heroin addiction, healed me of Hep C, and is restoring my relationship with my family! He has given me a peace and hope like I’ve never known!”

The documentary is close to being released in theatres and we are trusting that it is going to send a message of hope through Jesus Christ to millions in our nation and around the world! Keep watch on our Facebook page for release date and more information!

We are extremely excited to announce that one of our goals of having a residential facility, Freedom Homes, is now a reality! We were blessed with a beautiful home that also has a large area we will use for a chapel located on 5 acres that gives us room to expand! We have some funds to raise and work to do, but the gate in this picture will be swinging open soon

welcoming those who need the help!

Thank you for supporting the work that God has called us to and helping us to see lives transformed!
