Seeing Lives Transformed

Here is a powerful testimony from Teresa about how her life is being transformed!

My name is Teresa and I have been transformed! As a child I was molested by a family member, so I've always had a low self-esteem. I hated myself and I began smoking marijuana in high school. I met my high-school sweetheart and we had a beautiful daughter, however, we fought and we broke up. I began going out a lot more and I met someone and the relationship started great, but his hands quickly became the hands that began breaking my temple. Years of physical, mental and sexual abuse led me to my first time using. Crack cocaine numbed anything bad I had ever felt and blocked everything good. It flipped me upside down and inside out, my world was crumbling before my very eyes and if I had my drug it didn't matter. I tried to help myself by going to NA meetings and even a rehab and it didn't work.

I had heard about Family Care Ministries so I called and left a message. I had no idea that the return call would be the beginning of my new life. I met with Josh Lytle and gave him a quick version of what was going on in my life and his spoken words were he was going to help me by sharing the truth. It was the truth of the Bible, God's word, and since then I've been going to Family Care, meeting with Alysha and studying the Bible. So many good things are happening today in my life and I'm learning how to live without the use of drugs. And learning to live with no shame, no guilt and I'm learning to love myself. Jesus lifted me higher than I ever imagined and I am thankful that he died on the cross for me! That he loves me no matter how big my baggage is. There is no doubt in my mind it was Jesus who led me to Family Care and everyone there! I love living for Jesus and I won't ever stop wanting to please him! Thank you Jesus!

We continue to praise God for the continued lives like Teresa's that we are seeing transformed! From New Mexico to right here in our community people are reaching out for help and accepting that living hope!
